1. I think the scotch is a great tradition and I have no problem with the time on Friday. They should keep it as is.
2. friday night men league - i don't have a spouse that plays golf and would like to play with men. Friday i can make it to the course about 5:0
3. Would love to play in scotches w/my wife but we still work and can not get there in time to play...Sat or Sun would be MUCH better
4. Possible
5. Maybe
6. Retired can play other times
7. Friday is a great time to play in the Summer, and you can squeeze in 18 by teeing off at 4 pm.
8. But not too often during summer, 2nd home
9. Have tried to play 18 many times after 1/2day work but cant make turn in time as scotch goes out.
10. Often play Friday afternoon and plan around the Scotch.
11. If I can make it on a Friday - I'd be happy to play the scotches
12. Possibly, not sure
13. I am not opposed to the scotches but can certainly see how sending out 5 or 6 on each hole clogs up the course.
14. The scotch couples format offers weekly perks to LPS members, guests, and family memberships on one of the busiest nights at a golf club. The rest of the membership is unable to play or enjoy a meal.
15. I don't play in scotches but don't want to. I'm happy to go out right begot they start on Fridays. Everyone seems to really enjoy them. Would be a shame to change that.

16. I wouldn't play every Friday night, so I don't like the idea of stopping a tradition for the few times that I'd want to get in a round a season...

17. I'd like to see the scotch twice a month and open for regular play the other Fridays

18. A competition is fine, but there are so few women at the club - especially younger women- that it's nearly impossible for younger males to find partners. Something like a non-member family/parent-child event on occasion would be nice.

19. I would likely play on Friday if there were no scotches, but I strongly support the scotches and do not want to see them go away.

20. It's not ideal to take up prime tee times for scotch when people just want to play a more typical round of golf.

#### Class A

1. First year as member that is why I never played before.
2. I feel the scotch event is not appropriate for the club
3. Occasionally
4. Go home to my wife on Friday nights. I play around 3pm.

#### Senior

1. Played scotch for 20 years but now do other things Friday evening.
2. Possibly

#### LPS

1. Time for the wife.

1. mens league or open play
2. I am happy with Scotches format
3. The Scotches involves both players, where the other formats are more individual ( better players dominate) type play.
4. Mix up Friday night play instead Of Scotch every week. That way it's fair for all members who normally can't or won't play a Scotch format.
5. By keeping it as open play, I'm still able to play in a couples scramble if we choose.
6. Perhaps a Friday night scramble, not couples, with 4 golfers using tee times
7. Games, mixed male female
8. Maybe, even though you need to plan around the Scotches, but the Scotches are obviously successful for the club. Maybe an every other week format?
9. Par 3 course setup
10. I would also participate in a 4 person scramble, not couples
11. Nine and dine or any format less competitive and inclusive of those who are not "coupled". Most clubs have a couples scotch once a month. This scotch format has been taking place for more than 40 years. 40 years ago, the participation in this event was minimal and had no great impact on the course availability for other members.
12. If there was a fun format to play on Friday nights that didn't require a couple scenario I'd love to play. Friday night is a great night for fun golf formats, but couples play is not for everyone.
13. Friday is day I get to play after work and the scotch prevents me from playing which is frustrating
14. 9-hole family scramble, couples event where a non-member spouse or significant other can play, best ball or scramble or other format not comprised of couples where a guest could be the member's partner.

#### Senior

1. Not available on Friday evening

#### Intermediate

1. Typically have a guest in my foursome, but would have no problem if it was decided no guests Friday evenings. Better than not being able to play due to scotch

1. the course has many times that are the popular times and days that are dedicated to tournaments including weekends. it makes it hard for my schedule to play at SCC and I find myself going to other courses and id rather play at the one i pay to belong to
2. I like the Scotch format. Less likely to golf on Friday night with other formats
3. Would LOVE for the scotches to be played on Saturday or Sunday.....alternating format would be fine with me....just can not get there on Friday in time to play
4. We tie up the golf course with way too many tournaments, the scotch by itself is fine, but combined with all the other tournaments there are simply too few weekends where members can play a round of golf, with the primary offender being the three day member guest where even the range is closed, simply unfair to the majority of members.
5. Golf course involves many different types of players while on the course of a day and each individual golfer can affect the play of the other golfers. Ex. Not fixing divots, not raking bunkers, slow play. Thou these issue are few they exist, is this one of those issues?
6. Perhaps there is a solution that can satisfy all membership and the Scotch is one or two Friday's a month.
7. 1. Fathers Day is given up for a member guest forcing members to celebrate elsewhere. 2. Monday mornings have been taken away - the same reason that justifies it, actually works for the opposite too.
8. Really enjoy the Scotches on Friday evenings!

9. I was a guest of a member and I started playing in the Friday night Scotch game for two seasons. I met some wonderful new people and members so I decided to join the club. However, I prefer to mix up the format each week for variety and to give all the members an opportunity to play golf after work on Friday nights. I believe it will bring as much profit to the Club as Friday Night Scotch. Just as many members want to change the 3 Day Member Guests format to make it fair to ALL the members to be able to play after the event instead of shutting down the course for 3 days! I would strongly suggest the Board to also conduct a survey on the 3 Day Member Guests to hear what all the members have to say about it!!!

10. I appreciate the hard work of the Board and realize that pleasing everybody is impossible.

11. Why does scotch have to be every Friday? Can't it be every other or do like other courses and have a once a month 9 wine and dine type event. Scotch ties up fridays afternoons way too much

12. Would like to see once-a-month open golf with tee times on Fridays.

13. Let's make the club more inclusive for all!

14. This has been a long time tradition that I would hate to see go away.

15. No

16. Could the scotches be every other week or once a month?

17. Leave it alone. It has been a staple for the club for many years. Just because a very few do not like something is not a reason to change it. There are selfish members that want only what they want and do not want to be inconvenienced. Just get rid of the tee times and see how it goes. If there is a problem you can bring them back.

18. I think something like a Nine and Dine on alternative nights or just open play for club members who would like to play 18 holes. I would like to see Scotch offered 2 Friday nights per month.

19. No

20. Friday after work is a time I would like to play and I do not think we should have a Scotch every Friday night. It restricts access to RAs who would otherwise enjoy a round and dinner.
21. Thank you for asking members for input.
22. No
23. Great idea to offer alternatives to scotches. 9 and dine would be welcome.
24. It's a great way for members to meet other members
25. No
26. As a regular active female member who plays in the late afternoon, my weekly playing/eating options are becoming more limited. Monday I can play but cannot enjoy the bar or restaurant. Thursday is men's league, Friday is scotch and over 20 weekend days are dedicated to RA tournaments which, quite frankly, are designed for male participants only. Women are not encouraged and in some cases, not welcomed by some members.
27. I don't mind the concept of creating a couples driven event, but two things - 1. It excludes a good portion of the membership who don't play with a spouse or aren't interested in playing in this type of format, and 2. It completely blocks the course on what should be a night where all members should be encouraged to come play and eat.
28. I love the fact that this is being put out to all the members well done.
29. Scotches should be a different night
30. Move the scotch to Wednesday. Friday is a great day to get out in the afternoon for members and play then wind down at the bar for the end of the work week
31. Here is what I don't like. I'm newer to the club so when I play scotch I usually get paired up with the same people that also don't know a lot of people. Would be better if it was random or rotating pairings. Because if not I guess I'd rather just go play as a pair group.

- 32. Please keep the scotches on Friday and look to do something on non-tournament Saturday afternoon or evening.
- 33. I would be interested in after dinner programs that would extend our time at the clubhouse.

#### Class A

- 1. I like scotches
- 2. I would like to keep the scotches as is. It is important to enjoy the shared golf experience. I like the new offering of earlier tee times if anyone is interested.
- 3. The cigarette butts discarded on the golf course really disappoints me. As a member, I take pride in our club. I pick up garbage I see and would like the smokers to dispose of their finished cigarettes into a partially full water bottle or something!
- 4. Varying format would be ok but Scotches has really been a tradition that both brings in new members and allow players to meet other members.
- 5. Would be very disappointed if Scotches are scratched from the menu . Open to ideas for other formats for couples some Fridays. We enjoy the Fridays night for dinner afterwards, it is always a fun time ! .
- 6. It is good when the scotch's start on multiple holes at the same time
- 7. I've enjoyed the Scotches over the years and prefer the shotgun start.
- 8. Keep Scotch as is. Not need to change a successful event.
- 9. Change the night of scotch. Maybe Sunday. Generally less crowded.
